Washington, D. C.

FIRST SHOWING OF

# BOXED LOTS!

NOW IN COLD STORAGE IN ST. LOUIS

HUNTSVILLE, ALABAMA, March 4th, 1909.

TO THE TRADE:

Wish we could be in Washington to-day but we are too busy. While Mr. Taft takes the oath we will set before you our first offering of Boxed Lots from Cold Storage.

Southern Nurserymen are particularly requested to look the Grade-Count Surplus over carefully. All these items are in cellars at Huntsville and will be in dormant condition for shipment for two or three weeks yet. Let your orders come forward. Better get in your order for Evergreens, Roses and all Transplanting stock NOW.

Our St. Louis office is now open for the despatch of business —Charles Chase in charge—and all orders for BOXED LOTS Should be Addressed There.

# GRADE COUNT SURPLUS

This Grade Count Surplus is in Cellars at Huntsville. The stock is dormant and in fine condition and can be shipped at once or held in cellars (or boxed and forwarded to cold storage in St. Louis) as late as desired—can ship from Huntsville cellars until about March 20th. In making up your rush orders please give us all the "leeway" possible as to varieties as this list is changing every day.

For this Grade Count Surplus stock address your orders to

## HARDY ROSES

Still some left and fine plants they are. Better make up that order NOW so that we can box exactly the assortment you want. These plants are GRADED RIGHT. Almost all the No. 1's will carry 30 inches of wood. One customer last week bought 1000 No. 2's subject to sample. We sent the sample and he wired for 5000 when he examined it.

## CHERRY, 2 Year

These Cherry are good, bright, clean and sound. Last year we sold a great many of the lighter grades for Transplanting in nursery row. We have letters from these customers saying that the trees gave most satisfactory results and "repeat orders" are coming from them all—pretty good evidence that the stock was right and the transplanting proposition all right. As a whole our Cherry, all grades, are BETTER THAN LAST YEAR.

## HIGH GRADE SHEARS

### Read What This Michigan Nurseryman Thinks of Them

MICHIGAN, Feb. 4th, 1909.

CHASE NURSERY COMPANY, Huntsville, Ala.

GENTLEMEN:—"Please Express us at once one-half dozen Improved French Shears, also extra spring for the French Shears and one for the German 6 inch Shears.

We almost feel like telegraphing this order. You will remember that about a month ago we ordered a sample pair, to try them.

We have been making Grape Cuttings for several years, and have used the Shears, and thought they were hard to beat. The writer was averaging about 8,000 cuttings per day (of 8 hours) with them, but since getting the French Shears the average has crept up to 11,000 in 8 hours.

We make Grape Cuttings all Winter, and are continually using Shears. We have used nearly every grade of high-class Shears on the market, and yours are the best we have yet tried. To figure in actual cash, we would be one hundred dollars better off had we begun to use these Shears one year ago."

**French Pruning Shears**—Improved. Have just received a shipment direct from France. They have been improved. The frames are extra heavy, the shoulders more pronounced, giving a better grip. These improved shears are the best all 'round, for nurserymen. For making cuttings we use the 8 inch, but for extra heavy work, cutting back seedlings to the bud, etc., the 9 inch is preferable. We have used this make of shears for eighteen years and our last importation is the best lot we have ever received.

### IMPROVED FRENCH 8 INCH

| | |
|---|---|
| Price per pair, postpaid | $ 1 35 |
| Price per dozen pairs Express or Freight | 14 50 |

Weight per dozen pairs, 7 lbs.

### IMPROVED FRENCH, 9 INCH, EXTRA HEAVY

#### For Cutting Seedlings Back to the Bud, or for Heavy Work

| | |
|---|---|
| Price per pair, postpaid | $ 1 70 |
| Price per dozen pairs, Express or Freight | 17 00 |

Weight per dozen pairs, 11 lbs. Makes a quick, clean cut. We especially recommend these shears for "cutting back."

**Extra Springs for French Shears**—Both sizes. We have a good stock of extra springs, price 20c. each postpaid. Easily put in place. These springs will fit either the old or new pattern.

**Pruning Shears, German**—6 inch, full nickel plaited, volute spriug. Used by many for making cuttings. Not large enough for heavy work, but of high grade, beautifully finished and popular.

**Box Lining Paper**—Helps keep out frost and heat, protects contents of box from drying winds. It is waterproof, by this we mean it will resist a good deal of moisture, but there is a limit.

This paper is put up in rolls 30, 36 and 40 inches wide, about 100 pounds in a roll. Ten lineal feet weigh one pound, or one roll will line twenty-seven full size cases. We call it a good paper. You can buy paper for less money, but we think you will find this cheaper in the end.
